### **Subject – Update on Our Testing Services**

Dear Valued Customers,

As a part of our expansion plans, we would like to inform you that in order to provide one stop accurate and precise testing facility, we have already started following tests.

- Tile Adhesive
- GRP/HDPE/PVC Pipe
- Gypsum Board
- U Value of Blocks
- K value of Soil
- NDT Testing of concrete
- VOC Content
- Formaldehyde Content
- Corrosion Monitoring

We are glad to announce that we have hired a **Technical Director** who is highly qualified and having years of experience in structural investigations and testing of various construction related products e.g. waterproofing membranes, Bitumen, PVC Water Stopper, Geotextile, Paints, Epoxies, Sealants, GRC, GRP, Marble Stone, Mortars, Glass, Energy Saving Calculations, Ceramic Tiles, Plaster etc. For the sake of our customers and the advancement of technology, we have built our latest NDT testing section. This is highly advanced unit which will mark a potential turning point in the concrete investigation field.

We, at **Falcon Lab**, hope that with your help it will take us to our zenith of glory. We wish your continued patronage and will try our best to serve you in all professional manner. In case if you have any technical enquiry, please feel free to contact us.

Thanking you,

Sincerely,

  
Mohammed Raziuddin  
Deputy General Manager
